**URBAN DYNAMISM**  
IN RESIDENTIAL  
ARCHITECTURE

**VERMOE™**

## TIMELESSLY MODERN

### ROBUST ROOFING & WALLING SOLUTIONS WITH **A SLEEK MODERN TWIST**

VERMOE™ steel is clean and simple, with a textured presence that takes the roofing quotient of a home to an inspiring new level. By dispersing an element of strength and robustness, coupled with an elegant design to achieve texture and performance, VERMOE™ steel unites stylish design and function, giving it an ultimate characterisation that is visually stunning.

## UNIQUELY TEXTURED

### DELIGHTING YOUR SENSES WITH ITS **ALLURING BEAUTY**

The unique proprietary paint system of VERMOE™ steel offers a fine wrinkle finishing that enhances the top coat feature. The paint system utilises optimum paint formulation and pigment blends to assure excellent long-term colour stability, gloss durability and better delamination resistance.

A combination of contemporary and vernacular, such an innovative architectural solution is something that you cannot help but be amazed by.

## LESS HEAT, MORE COMFORT

### KEEP YOUR HOME **NICE AND COOL**

Through REFLEC™ technology, VERMOE™ steel roofs reflect infrared (IR) rays and act as added insulation in hot weather. This reduces reliance on air-conditioning to keep the building cool.

## PEACE OF MIND

### LOOKS BETTER **FOR LONGER**

VERMOE™ steel lasts longer because of its proprietary paint system that is incorporated with ZINCALUME® aluminium/zinc alloy coated steel. It offers superior weathering and corrosion resistance that performs at its best for decades. We have also included an embedded branding text for your assurance of BlueScope's commitment to quality. Tested and developed to deliver on our promises, our steel has a proven track record for performance and longevity, and is backed by a range of warranties\* from BlueScope for your peace of mind.

\*Warranty terms and conditions apply.

## COLOURS

### VERSATILE DESIGN EXPRESSION

VERMOE™ steel means versatile and modern. With its colour, finish and the freedom to design flat roofing or soaring shapes, VERMOE™ steel provides the opportunity for you to create. Available in various contemporary colours and size options to realize your design vision, VERMOE™ steel is a great addition to the allure of a modern home.

**Thunder Grey (SRI: 36)**

**Nature Green (SRI: 25)**

**Dazzling Black (SRI: 20)**

**Alluring Brown (SRI: 23)**

Solar Reflectance Index (SRI) is calculated using ASTM E1980 and Medium Convection Coefficient (12) value reported. This data is approximate values only, may vary based on paint formulation and/or metallic coating thickness.

The VERMOE™ steel colours shown in the brochure have been reproduced to represent actual product colours as accurately as possible. However, we recommend you to check your chosen colour against actual sample of the product before purchasing, as varying light conditions and limitations of the printing process may affect colour tones.
