# THE COLORBOND® STEEL ADVANTAGE

This is what every detail, every component and every finishing touch leads to: the 5 unparalleled advantages of COLORBOND® steel. Go on, challenge the boundaries of your builds and designs. Be it to protect, beautify or endure, COLORBOND® steel comes with an enhanced warranty of 30 years\* - realising creations that last for longer.

Galvanised Steel | Colorbond

## Outstanding Corrosion Resistance

With superior corrosion resistance compared to other coated steels, COLORBOND® steel along with its ZINCALUME® steel substrate core and proprietary paint system safeguard buildings even in severe marine environments.

Conventional prepainted steel | Colorbond

## Beautiful Colours for Longer

The proprietary paint system protects surfaces from fading, chalking and peeling, ensuring timeless designs that stand out with vivid colour.

Conventional prepainted steel | Colorbond

## Clean Technology

Incorporated into COLORBOND® steel's paint system, Clean Technology prevents dirt from bonding to the surface. Every rainfall washes dirt away easily, preserving the pristine condition of your creations.

Conventional prepainted steel | Colorbond

## Reflects Heat for More Comfort

COLORBOND® steel is also an intelligent heat insulator. It keeps interiors cool with the help of THERMATECH® Technology, which reduces heat transmitted through the roof<sup>^</sup>. This contributes to energy conservation and enables better compliance with Green Building rating requirements<sup>^^</sup>.

<sup>^</sup> Compared to conventional paint system.

<sup>^^</sup> Subject to building design.

Our Team is Ever Ready to Assist

## Service Support from Design to Build

Get the full picture on COLORBOND® steel's capabilities for your creations. Full support and assistance are provided including Specification Support, Consultation & Risk Assessment, and Advisory Role in Material Quality & Application.

With decades of insights from past projects in Malaysia and the backing of Australian technology, COLORBOND® MATT steel is now longer lasting with an enhanced warranty of 30 years\* against perforation by corrosion. When you purchase COLORBOND® MATT steel, here are the warranty and assurance backed by BlueScope:

- Warranty against perforation by corrosion for up to **30 years**
- Warranty against paint flake and peel for up to **15 years**
- Warranty against excessive colour fading for up to **12 years**
- Warranty against discolouration by dirt staining for up to **5 years**

\* Warranty terms and conditions apply.

# Colorbond® MATT

Contemporary in appearance yet durable and strong,  
the matt variant beautifully diffuses light for an elegant design appearance.

**Winter Matt / \*Sonata Matt  
(SRI:80)**

**Scallop Matt / \*Oyster Matt  
(SRI:79)**

**Coffee Matt / \*Latte Matt  
(SRI:65)**

**Hidden Matt / \*Alley Matt  
(SRI:47)**

**Graphite Matt / \*Iron Matt  
(SRI:26)**

**Eclipse Matt / \*Granite Matt  
(SRI:18)**

\* Matt finishes in AZ200 coating mass.

SRI is calculated using ASTM E1980-01 with Medium Convection Coefficient (12) value reported.  
This data is approximate values only, may vary based on paint formulation and/or metallic coating thickness.

The colours shown in the colour chart have been reproduced to represent actual product colours as accurately as possible.  
However, we recommend you to check your chosen colour against actual sample of the product before purchasing, as  
varying light conditions and limitations of the printing process may affect colour tones.

To identify genuine COLORBOND® MATT steel made only by BlueScope,  
please check the reverse side of the sheet for the following branding text:
